

Compliance Checklist

Owner	Maya Chen
Review due	2026-08-05
Document type	Dummy review packet

Required Evidence

Business owner, impacted segments, fairness risks, data sensitivity, retention, monitoring, and escalation thresholds.

Review Notes

Confirm the change supports triage only and routes missing evidence, high uncertainty, and restricted classes to manual review.

Approval Conditions

Approval status must stay visible; rejected items route to governance review; rollback plan is required.

Generated dummy document for Flow Canvas approval-chain testing.
